

First Announcement

According to the Plan of meetings, conferences and workshops approved by the Ministry of Science and Education of the Russian Federation, Institute of Cosmophysical Research and Radio Wave Propagation FEB RAS holds the

XIII International Conference «Solar-Terrestrial Relations and Physics of Earthquake Precursors»

on **September 25 - 29, 2023.**

The official languages of the Conference are Russian and English.

Topics of the Conference

1. Atmosphere physics (including solar activity impact on atmosphere dynamics);
2. Geophysical fields and their interactions;
3. Physics of earthquake precursors.

The program will include plenary (30-minute) and oral (15-minute) presentations and posters.

Forms of Presentations at the Conference

1. Personal participation with oral presentation;
2. Personal participation with a poster;
3. Due to the international situation, on-line participation is suggested only for the participants from abroad.

Schedule of the Conference

September 25, 2023 – registration of participants, plenary presentations, session presentations;

September 26 – 28, 2023 – session presentations;

September 29, 2023 – excursions. Excursion program will be approved in the course of the conference and will depend on weather conditions and the number of the participants.

Accommodation: Participants will be accommodated at the Hotels of Paratunka.

Abstracts will be published by the beginning of the Conference. **If a presentation has been made at the Conference**, on the decision of the Scientific Committee and if an author agrees, selected reports are supposed to be published in one of the Journals:

1. «Springer Proceedings in Earth and Environmental Sciences» (<https://www.springer.com/series/16067>), indexed in **Scopus**. When selecting manuscripts for «Springer Proceedings in Earth and Environmental Sciences», the priority will be given to high-level results, represented by international author teams. The publication is free of charge and papers are published in closed access. The main requirements for a manuscript are:

- a minimum of 1500 words in the main text (excluding title, authors, affiliations, abstract, keywords and references);
- a minimum of 3 Figures/Tables;
- a minimum of 10 references in «References» section;
- 6 pages long at least.

2. A special issue of the scientific Journal «Bulletin of KRASEC. Physical & Mathematical Sciences» (<http://krasec.ru/en/>) included into the list of State Commission for Academic Degrees and Titles of Russia. The volume of a manuscript, formatted according to the requirements of «Bulletin of KRASEC. Physical & Mathematical Sciences», is up to 20 pages. The publication is free of charge and papers are published in open access. Author guidelines can be found in the link: <https://krasec.ru/author-guid>

Registration and abstract submission will be opened on March 10, 2023 on
